

NEW**NEW**

EURO CONTACT

400 Hz 110/220V AC Socket

ATTACHABLE®

Make new or repair cable assemblies with the Rugged Euro Contact ATTACHABLE® Plugs.

- Service proven with major airlines
- Softer and easier mating

SAFETY FEATURES

1. Fingerproof insulators (per ISO stds) to prevent accidental touching of power contacts.
2. Extra insulation for greater internal hi-pot resistance.
3. Molded-in watertight Euro contacts will not arc even if wet.
4. Extra tough and long lasting thread lock on lug screws hold tight during cyclic heating and cooling.
5. Easier mating reduces force required and has less wear on Aircraft receptacle.

DURABILITY AND RELIABILITY FEATURES

The Euro contact system has self aligning contacts that compensate for part to part variations and movement caused by structural loading.

- Engineered non-corrosive springs insure excellent contact even after thousands of cycles in actual service.
- Quad beam construction insures good electrical contact even with off-center loads.
- Gentle lead-in angle protects receptacle pins and promotes long receptacle life.
- Built-in stress sleeves limit contact deflection.
- Silver-plated solid copper contacts assure low power loss and lower heat generation.
- Contact system is designed to eliminate material stress relaxation.
- Body is made of special hi-grade ozone resistant synthetic rubber for superior wear.
- Connector is engineered for resistance to crushing forces.
- No special tools required for assembly.
